Aberdeen & Grampian Chamber of Commerce exists to create the connections which grow the North-east economy.

One way we do this is through our print and digital publications, which are widely-read and highly-regarded in the region's business community.

Our **Morning Bulletin** news service is sent to over 17,000 subscribers every weekday morning at 8.30am. It is packed full with the latest local, national and international business headlines, alongside news from our 1,300+ members.

The Morning Bulletin mailing list is a 'who's who' of the region's business and political community and it is the perfect platform to get your message in front of the most influential people in Aberdeen and Aberdeenshire.

We also have our long-established **Business Bulletin** magazine, which is published 10 times a year and has a readership of around 15,000 people per issue.

It is the region's premier print business publication and is circulated to all Chamber members and the wider business community.

It features a range of interviews, articles on topical business issues and the latest news from companies across the North-east.

The Chamber is a cherished and trusted local brand, and **our** community is **the** North-east business community.

We look forward to working with you to achieve your goals.

FREQUENTLY ASKED QUESTIONS

WHAT IS BLEED?

The Bleed is the area to be trimmed and ensures that no unprinted edges occur in the final trimmed document. Anything here will be trimmed off, but remember to extend any colouring or images into this 3mm bleed area to avoid white lines appearing during the print finishing stages.

WHAT FILE TYPES DO YOU ACCEPT?

We will only accept artwork supplied in PDF file format.

We are not able to print from Microsoft Word, Excel, Powerpoint, Publisher, or Works files.

WHAT IS THE TRIM LINE?

The Trim lines help indicate where the product is cut down to size and refers to the end of the paper or finished size. Your advert will be cut on this line, any images or text placed on this area may be trimmed off incorrectly.

WHAT IS THE SAFE AREA?

The Safe Area is the area 5mm in from all edges and will contain all text and graphics that are not meant to be trimmed. Remember to use high resolution images (300dpi) for the best results.

Albyn School

We have worked with the Chamber for a number of years utilising their Morning Bulletin, Business Bulletin and online space. The team are great to work with, always so helpful, and we really value their commitment to supporting local businesses.

Jennifer MacKinnon
Marketing and Communications Manager,
Albyn School

CPD and Events Services at the University of Aberdeen had launched a series of new courses aimed at people already working but interested in developing their knowledge on issues relating to energy transition. We used the Morning Bulletin to advertise these courses and were delighted with the results. With 60 places available, nearly all places were filled from people who had seen the advert in the Morning Bulletin.

This was a quick and cost-effective way to raise awareness of new courses with a key target audience. We would certainly look to advertise further courses here in the future.

“Genny Hire Ltd have been a member of the Aberdeen & Grampian Chamber of Commerce for many years. The value is clear.

Advertising with the Chamber has been a vital part of our marketing strategy following an amazing and quantifiable response to our banner in the Morning Bulletin, we had no hesitation in booking again through 2025 and have now booked for 2026, increasing our advertising budget spend with the Chamber each year. Genny Hire also value the power of the printed page in this digital age to raise awareness of our generator hire services and develop strong relationships that have directly supported our business growth.

The Chamber team are always supportive and proactive in helping members make meaningful connections – it’s been a great experience and a worthwhile investment for us.”
